(d) if not, what action is proposed to be taken?

THE MINISTER OF STATE IN THE MINISTRY OF CONSUMER AFFAIRS AND PUBLIC DISTRIBUTION (SHRI V. SREENIVASA PRASAD): (a) Sugar stocks are held by the factories and only as per the allotment orders issued by the Central Government, the specified quantities are sold/delivered by the factories. As on 22.7.2000, the stock of sugar with the sugar mills in Karnataka State as reported by the sugar mills was 11.92 lakh tonnes.

(b) Based on the information received from the State Government, as on 30.6.2000, the sugar mills in Karnataka were to pay Rs. 107 crores to farmers/ growers as cane price dues.

(c) and (d) The sugar mills are facing problem in making immediate payment of the cane price to the growers on account of excess production of sugarcane and sugar during the season 1999-2000, non availability of higher bank credit over the stocks held by them, heavy interest cost, heavy carry-over stock, etc. However, the mills are making efforts to make the payment to the growers to ease out difficulties of the farmers by way of export of sugar, additional bank credit through Government guarantees, payment of dues in instalments.

Central Government have taken following measures to improve the financial position of the sugar factories to enable them to make cane price dues of the farmers:-

(i) Reduced the levy obligation of the sugar factories from 40% to 30% with effect from 01.01.2000.

(ii) Restricted the inflow of imported sugar in the country by raising the custom duty to 60% with effect from 09.02.2000.

(iii) Advance releases of freesale sugar are being made to needy sugar factories.

(iv) Allowed export of 10 lakh tonnes of sugar.

(v) Judicious releases of freesale sugar quotas in order to maintain reasonable level of sugar prices in the open market.
